THE SENATORIAL EXCITEMENT IN PENNSYLVAN

All who are capable of understanding the reel facts of the case must see that there is not the slightest reason for fear or despondency in regard to the future of Lunisville. The results of the fatter of Lunisville. The results of the recent election of Gen. Cameron as United States Senator from Pennsylvania, says: shightest reason for fear or despondency in regard to the future of Louisville. The very exigency of our post ion, produced by the facts above-mentioned, is just the stimulus that was required to aroune the suggish energies of our people. Their intelligence and energy if promptly exercised, will proveed to another that the commercial position of Louisville is really more happy and more destanguished than was over before supposed, for by the construction of two railroads, at a cost comparatively brighted that was over before supposed, for by the construction of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted with the supposition of two railroads, at a cost comparatively brighted with the proposition of two railroads, at a cost comparatively brighted with the proposition of two railroads, at a cost comparatively brighted with the proposition of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted than the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of two railroads, at a cost comparatively brighted the construction of with of the Northern and Southern systems of reli-works of the Northern and Southern systems of reli-roads.
